## Application Steps for a Bachelor's Programme at Varna University of Management

Please read carefully the following steps in order to keep track of the status of your application process.

### Step 1. Initial Application

The first step in the application process is to send an email to [admissions@vum.bg](mailto:admissions@vum.bg) and provide the following documents:

1. Completed [Application Form for VUM](#);
2. Scanned copy of a **valid international passport**;
3. Scanned copy of **secondary school certificate & transcript of grades**;

Each applicant must have achieved at least 62% of the maximum possible grade in two general education subjects (excluding the official language(s) of the applicant's country and religious subjects), in accordance with the Regulation for the Admission of Foreign Students of the Ministry of Education, dated 9 May 2000, as amended in 2004.

4. **Proof of English proficiency** (TOEFL, IELTS, SAT or equivalent English language test) –recommended but not mandatory;
5. [Declaration of Personal Data Collection](#).

**NB:** If the secondary education in the country of the applicant is divided into **lower and upper** secondary education, **both certificates must be provided**.

### Step 2: Application Review, Interview and English Exam

Once you have submitted all the requested documents, our admissions team will review them

and you will be contacted for the next stage of the application process – **the admission interview**. It will be scheduled for the time and date suitable for both parties. The admission interview is **obligatory**.

After the interview, those who do not possess an internationally recognised English language certificate, must take the **online English exam** at VUM. The minimum required result for acceptance is 78 %.

Applicants who possess an internationally recognised English language certificate (TOEFL, SAT, IELTS, PTE, CAE, etc.) with a **minimum score of IELTS 6.0** or its equivalent are exempt from the VUM English exam.

Applicants with lower results in the VUM English exam, will be offered a Preparatory Semester/Year in English Language.

### **Step 3: Acceptance Letter and Place Reservation**

The Admissions Office considers a potential student's full profile, including: academic records, personal motivation, work experience (if any), any letters of recommendation, the results of the interview, and VUM's online English exam or English-language certificate.

If the application is successful and the chosen programme is still available, you will receive:

1. **Certificate of Admission;**
2. **Invoice** containing information about the fees, terms of payment, and full bank account details;
3. **Admission Offer** containing information about rules, regulations, fees, etc. This document should be duly signed and returned to the Admissions Office.

At this stage, the **application fee** (120 EUR for EU and EEA citizens and 150 EUR for non-EU and EEA citizens) must be paid within 30 days of the issuance of the Certificate of Admission from VUM. The application fee is non-refundable.

### **Step 4: Acceptance and Preparation of Documents**

To proceed with the admission process, you must prepare the following documents:

1. **Four passport-sized photos;**
2. Duly completed, printed and signed **application form for VUM;**
3. Original **health certificate** stating that you are healthy and fit to travel;
4. **School certificates:** originals or notarised copies of certificate for completed secondary education along with the transcript of grades;
5. **An eligibility letter** - a document stating that you have the right to continue your education in any college or university in the country where you graduated or abroad. It may be issued by your school or Ministry of Education (or other accredited state

educational institution) in the country where you obtained your secondary certificate (not required for students graduated from Bulgarian high schools).

### **Step 5: Apostilles, Certifications and Attestations**

All applicants whose secondary education certificates were not issued by a Bulgarian high school must have their documents submitted to the **National Centre for Information and Documentation (NACID)** for recognition. In order to be eligible for recognition, **the documents must possess the required attestations**. More information about the requirements of NACID can be found on their website [here](#).

Note that, the documents have to be legalised and certified under the regulations for the **country in which they are issued**, not the country of your citizenship.

The high school certificate, the transcript of grades and the eligibility letter require the following:

1. **If the issuing country has ratified The Hague Convention and is a contracting party to the Convention of the 5 October 1961 Abolishing the Requirement of Legalisation for Foreign Public Documents**, the documents should be certified with an apostille in the country where they were issued. There is no need for any other certifications in the country of issuance. **The certified documents must be accompanied by a legalised translation into the Bulgarian language and the translation must be notarised.**

Information about the countries that have ratified The Hague Convention and the respective authorities issuing apostilles in each country can be found [here](#).

2. **If the issuing country has not ratified The Hague Convention**, the legalisation is made under the general procedure. The educational documents (certificate, transcript and eligibility) must first be certified by the ministry, agency or authority responsible for higher education in the country concerned. Next, the documents must be certified by the Consular Section of the Ministry of Foreign Affairs of the issuing state (confirming the signature and official capacity of the previous certifying authority). Finally, the stamps of the Ministry of Foreign Affairs of the foreign state must be certified by the Bulgarian diplomatic or consular representation in that state (again confirming the signature and official capacity of the previous certifying authority). **The certified documents must be accompanied by a legalised translation into Bulgarian language.**

**NB:** We recommend that you scan and email the documents to us for review prior to sending the originals. This will allow us to verify them in advance and prevent delays in case any document requires correction

Once the documents are ready and you have confirmation from our side that everything is in order, you need to send us your documents to the following address:

### **Step 6: Further Processing of the Documents**

Upon receipt of the documents, VUM will proceed with processing.

If the documents have not been translated by the applicant at a licensed translation agency abroad or at an accredited Bulgarian Embassy into the Bulgarian language and the applicant has paid the 200 EUR translation fee, VUM will arrange the translation.

The translated documents are then submitted to **NACID** for a **Certificate of Recognition**.

- Processing time: 20-30 days (if no additional documents are required)
- NACID administrative fee: 100 EUR

### **For non-EU/EEA citizens only**

After NACID recognition, the documents are submitted to the **Ministry of Education and Science of Bulgaria for approval**.

- Processing time: approximately 30 days

### **Step 7: (Non-EU/EEA Citizens Only) Visa D Application**

In order for VUM to issue you the documents required for the visa application, the respective **tuition fees must be paid** in accordance with the invoice.

Upon successful transfer of all the fees, it is time for the last step of the visa procedure. We will prepare and send you the approval letter from the Ministry of Education along with two additional letters necessary to apply for a visa at the Bulgarian Embassy. In total, you will receive three documents from us:

1. **Admission letter** stating that you are admitted to a preferred programme and you will start in a preferred intake.
2. **Accommodation letter** stating that, upon arrival, you will be supported with accommodation in VUM's dormitory or in a partnering accommodation facility and that you have transferred all necessary fees to the university. (If you have found a

place for accommodation yourself, please ensure that you can present the required documents at the embassy - usually a notarised copy of the accommodation agreement, as well as a declaration signed by the landlord/owner of the facility. We highly recommend consulting with the respective embassy in advance.)

3. **Approval Certificate** from the Bulgarian Ministry of Education and Science.

You can apply for a Visa D with those documents at the nearest Bulgarian Embassy/ Consulate. In some countries (for example India) you can apply for a Visa D in the nearest VFS Centre, so we recommend that you check whether this opportunity is applicable at your country of residence.

**NB:** While waiting for the above-mentioned documents from us, please ensure **that you obtain all other documents necessary for visa application** (for example, a criminal record, bank statement, etc.). Please contact the nearest Bulgarian diplomatic mission to inform yourself of the list of documents they require.

### **Step 8: Arrival in Bulgaria**
